INCOSE UK Annual Systems Engineering Conference
Vincent Building, Cranfield University
20th – 21st November 2018

“Year of Engineering”

The Annual Systems Engineering Conference (ASEC) is INCOSE UK’s flagship annual event and brings together a wide range of professionals from a variety of backgrounds, with the common interest of building upon their Systems Engineering knowledge and sharing ideas with their peers.

The theme for this year’s ASEC is based around the Year of Engineering. We want people to be inspired by what they are doing in their work, whether they are new to Systems Engineering or have many years of experience. We are also planning to run a STEM engagement activity with local community groups to tie in with both the Year of Engineering and the Year of Women. We will be asking you to take an active part in supporting this as part of the ASEC activities planned for this year.

INCOSE UK hosted its first annual conference in 2010, with the aim of creating the premium annual Systems Engineering conference in the UK. Now in its 9th year, ASEC has indeed grown to become the UK’s foremost Systems Engineering conference.

ASEC 2018 will contribute towards the continuing professional development of those attending.

Exhibition Hall
Engage with fellow Systems Engineering professionals over tea and coffee and meet some of our exhibitors. Some of the top Systems Engineering organisations present their products and services, alongside a set of posters that show off the latest Systems Engineering research.

See our website for more information as it updates: www.ASEC2018.org.uk

INCOSE UK Limited is registered in England under no. 3641046.
Registered address: The Dyers Building, 21 Silver Street, Ilminster, Somerset, TA19 0DH, UK

Further details and prices can be found overleaf
ASEC 2018 Programme Overview

The programme this year will include:

- 2 excellent keynote speakers to start off each day
- 6 x 45-minute sessions for Working Groups to use for briefings, meetings, or workshops
- Professionalisation session running on Day 1
- The Systems Summit, where various Professional Bodies discuss the future of Systems Engineering. *Please note that this session is by invitation.*

As always, the conference dinner will provide an unparalleled opportunity to meet and network with other delegates and will feature an after-dinner speaker (along with a surprise or two!).

Please visit [www.ASEC2018.org.uk](http://www.ASEC2018.org.uk) for further information as the programme develops.

**Prices**

**UK Members:**
- 1 day = £320, 2 days = £570

**Student Members:**
- 1 day = £160, 2 days = £285

Accommodation this year is available at two different price points:
- Mitchell Hall (3*) = £66.75 per day.
- Cranfield Management Development Centre (4*) = £87.50 per day.

Non-members will be charged an additional £120 (for students this surcharge will be £35) which will provide all the benefits of INCOSE UK membership for 12 months.

All prices include lunch.

Please note that the prices listed do not include VAT. Details are correct at time of printing. Some limited funding opportunities are available to academics and students who submit to the poster competition.

**Venue**

This year’s conference will be taking place at a new venue at Cranfield University. This venue offers us extensive and flexible facilities, superb service, and excellent onsite overnight accommodation.

Vincent Building, Cranfield University, Bedford, MK43 0HG

**Associate or Certified Systems Engineering Professionals (ASEPs or CSEPs)**

INCOSE Associate or Certified Systems Engineering Professionals will receive 1 PDU (Professional Development Unit) for every hour they attend the conference (totalling 8 PDUs per day). Furthermore, for ASEPs or CSEPs who are not currently members, joining INCOSE UK when registering for ASEC 2018 will earn an additional 5 PDUs for your year of membership.

**About INCOSE**

The International Council of Systems Engineering (INCOSE) is a not-for-profit membership organisation founded to develop, disseminate, and advance Systems Engineering. There are around 10,000 members worldwide.

INCOSE UK was formed in 1994 and is highly active, currently having approximately 1,000 members. INCOSE UK is supported by the UK Advisory Board (UKAB) comprising of nearly 40 world-class UK organisations drawn from industry, government, or academia.

For details on joining INCOSE UK, please contact:
