

## INCOSE UK Council Appointments 2024

INCOSE UK is pleased to announce the appointment of Andrew Pemberton as President of INCOSE UK, Hazel Woodcock as President Elect and Tim Rabbets as the new Outreach Director of INCOSE UK.

At the Annual General Meeting, Malcolm Thomas (outgoing INCOSE UK President) passed on the torch of President to Andrew Pemberton and welcomed the new Council Directors. Malcolm noted that *“INCOSE UK is part way through an exciting transition to becoming the Institute for System Engineering (IfSE) and I am pleased that the incoming directors are eager to continue the journey to IfSE, as well as being focussed on developing Systems Engineering in the UK.”*

Andrew Pemberton,  
President

Andrew stated: *“The role of the INCOSE UK presidency is an opportunity to lead the direction of Systems Engineering across the whole of the UK and influence the development of Systems Engineering across the world. I want to take advantage of the transition to the Institute for Systems Engineering, to refresh our brand, and make the institute understand and deliver real value to all of our stakeholders. I feel it is a great time to be involved and encourage the UK to sit up and pay attention to the need for Systems Engineering and Systems Thinking.”*

Hazel Woodcock,  
President-Elect

President Elect, Hazel Woodcock, stated: *“I am committed to attending Council and Board of Directors meetings, ensuring fiscal responsibility, and supporting audits as required. I am confident in my leadership, collaboration, and negotiation skills, which will enable me to effectively promote the values and mission of INCOSE UK and coordinate activities within our volunteer organisation. My experience and dedication make me well-suited to take on this role and drive the future success of INCOSE UK and IfSE.”*

Tim Rabbets,  
Outreach Director

Tim Rabbets, Chief Engineer for Systems Engineering at QinetiQ is a Chartered Engineer. He has been a member of INCOSE UK since its foundation and been an active volunteer throughout. Tim has stated that *“whilst working for QinetiQ I have held a variety of technical and managerial roles and has been instrumental in developing relationships with adjacent disciplines, codifying good SE Practice, and developing systems engineers through education, training and mentoring. I have applied SE across many domains and intend to bring this passion and wealth of experience to the role of Outreach Director.”*

## INCOSE UK Council Appointments 2024

### **INCOSE UK**

INCOSE UK is a Professional Engineering Institution licensed by the Engineering Council.

INCOSE UK acts as the UK Chapter of the International Council on Systems Engineering (INCOSE), a not-for-profit membership organisation founded to develop and disseminate the interdisciplinary principles and practices that enable the realisation of successful systems.

INCOSE UK holds an annual conference and a set of training events each year; has active regional, working and special interest groups; and publishes a variety of books, guides and other products tailored for UK members. Despite its focus on UK-specific needs, INCOSE UK attracts members from all around the globe. The 'flavour' of Systems Engineering most prevalent in the UK has developed into an open and inclusive practice that facilitates the application of Systems Thinking and Systems Engineering principles in domains outside of the traditional domains of defence and aerospace. In recent years, the membership of INCOSE UK has widened significantly from its roots, expanding to include domains such as: automotive, rail, energy, civil engineering, space, medicine, and security. For more information, please visit [www.incoseuk.org](http://www.incoseuk.org).
